

**Mac OS**

**Driver  
Install  
Manual**

---

## I. Mac OS Driver Installation

Under Mac OS, double click the installation icon

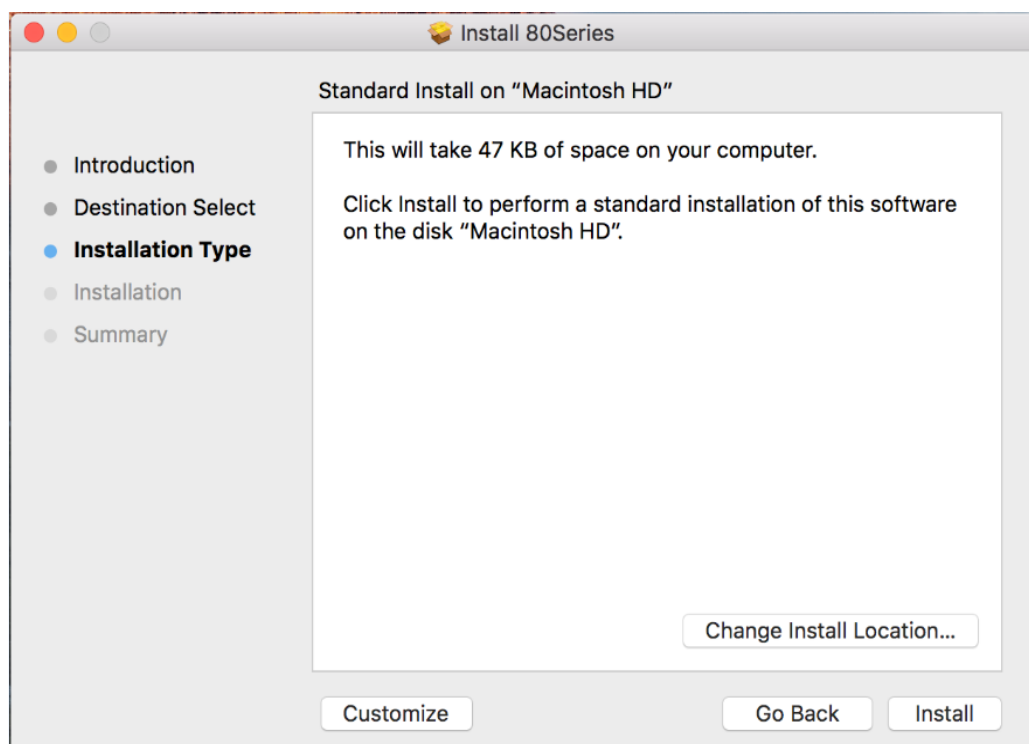

Then, it will show as below picture:

Then click “Continue”.

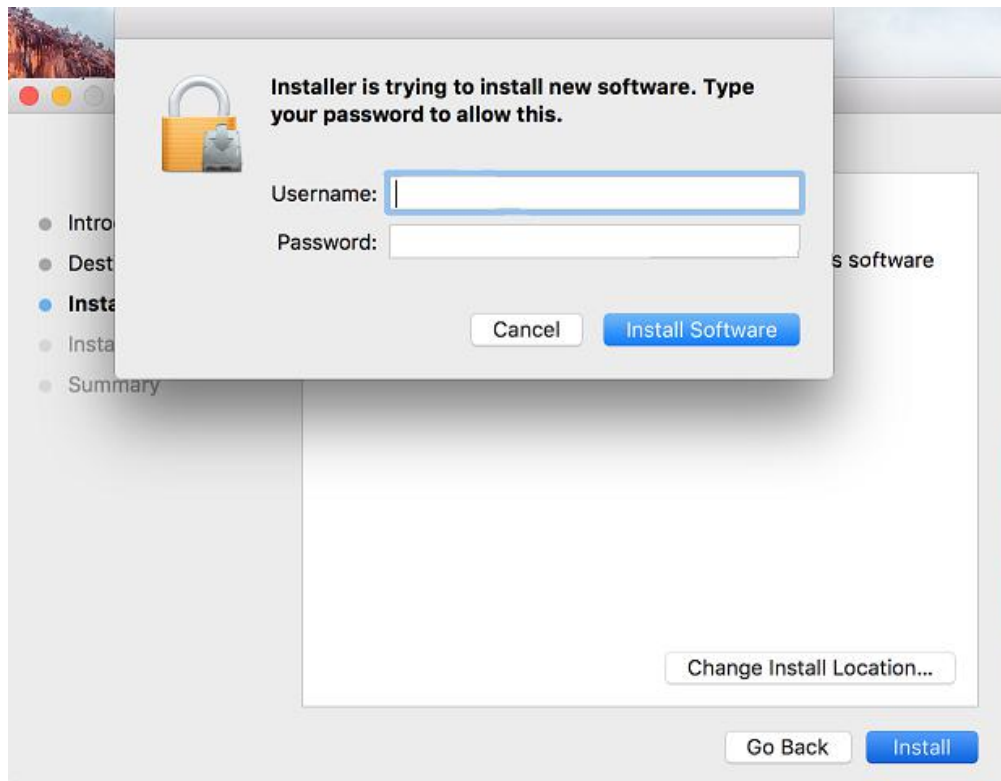

Then, it will show as below picture:

---

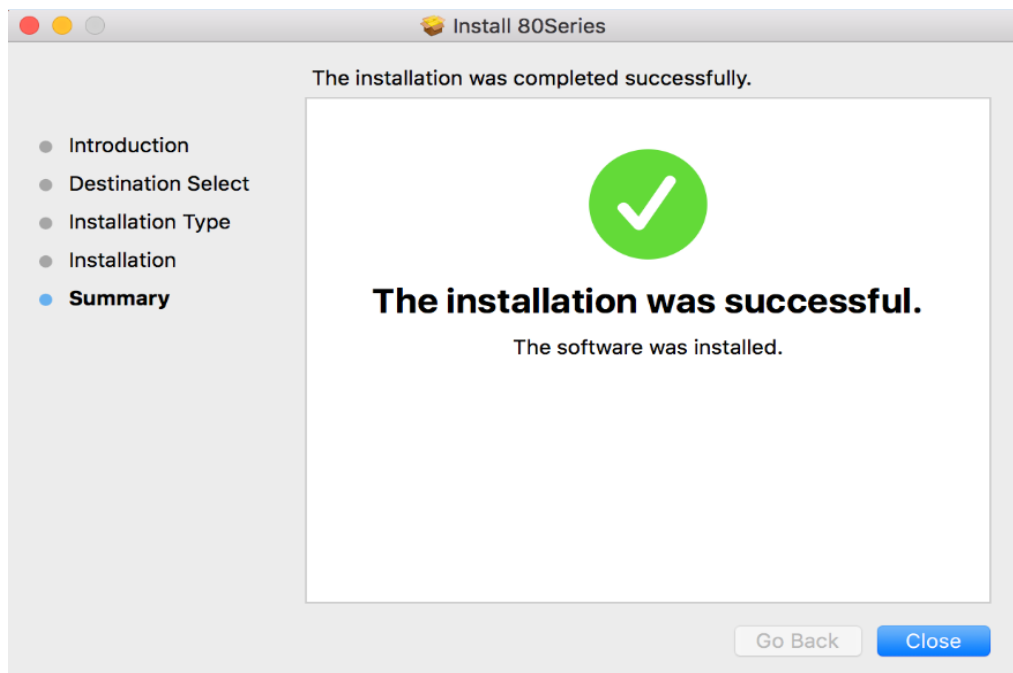

If you click “Install”, the driver will be installed by default path, and if you want to change install location, please click “Change Install Location...” to select the location.

Click “Install”, and then it will show as below:

It will make the pop-up dialog as the picture. It asks the users for a username and password. Please enter the correct the Username and the Password, and then click “Install Software”.

Then it will show as below:

It shows the driver is installed successfully.

## II. Add the Printer

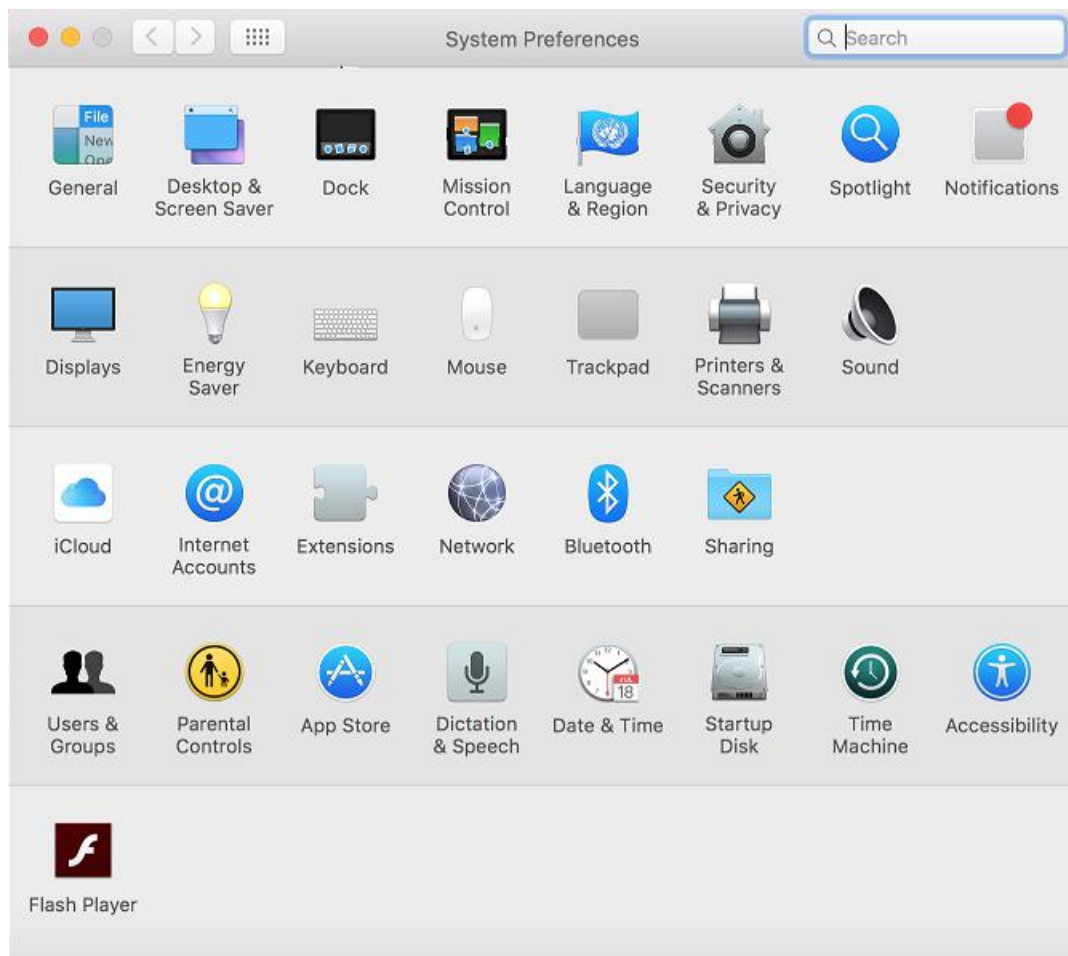

At this moment, only the driver is installed. In addition, it needs to add the printer on Mac OS.

### 2.1 Add the USB Printer

Firstly, select "System Preferences" and open it.

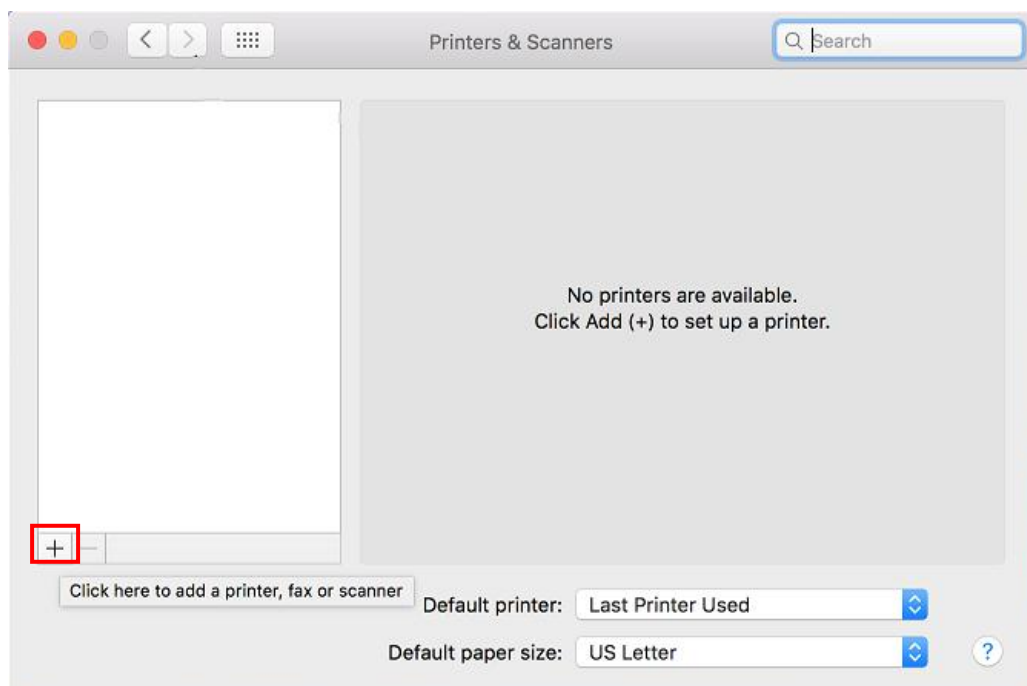

It will show as below:

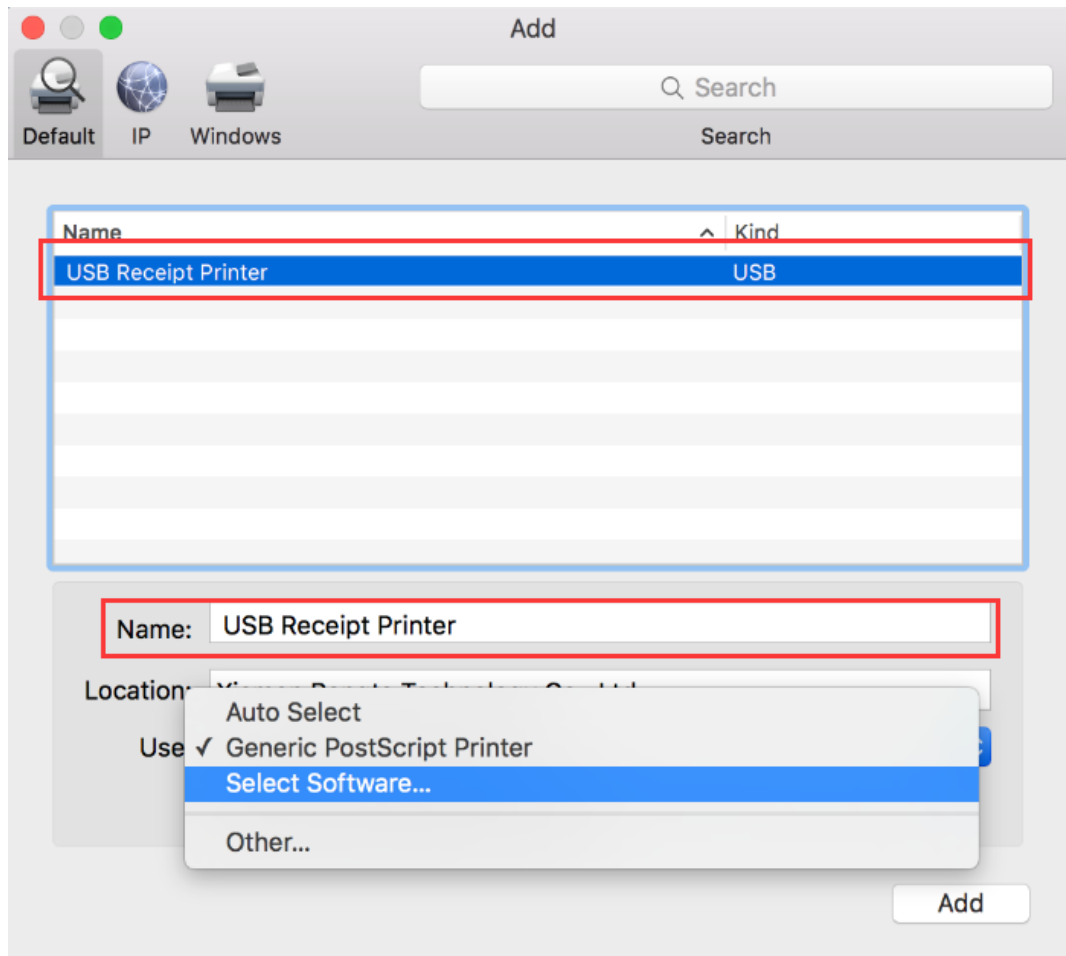

Please select “Printers & Scanners” and open it.

Then, it will show as below:

---

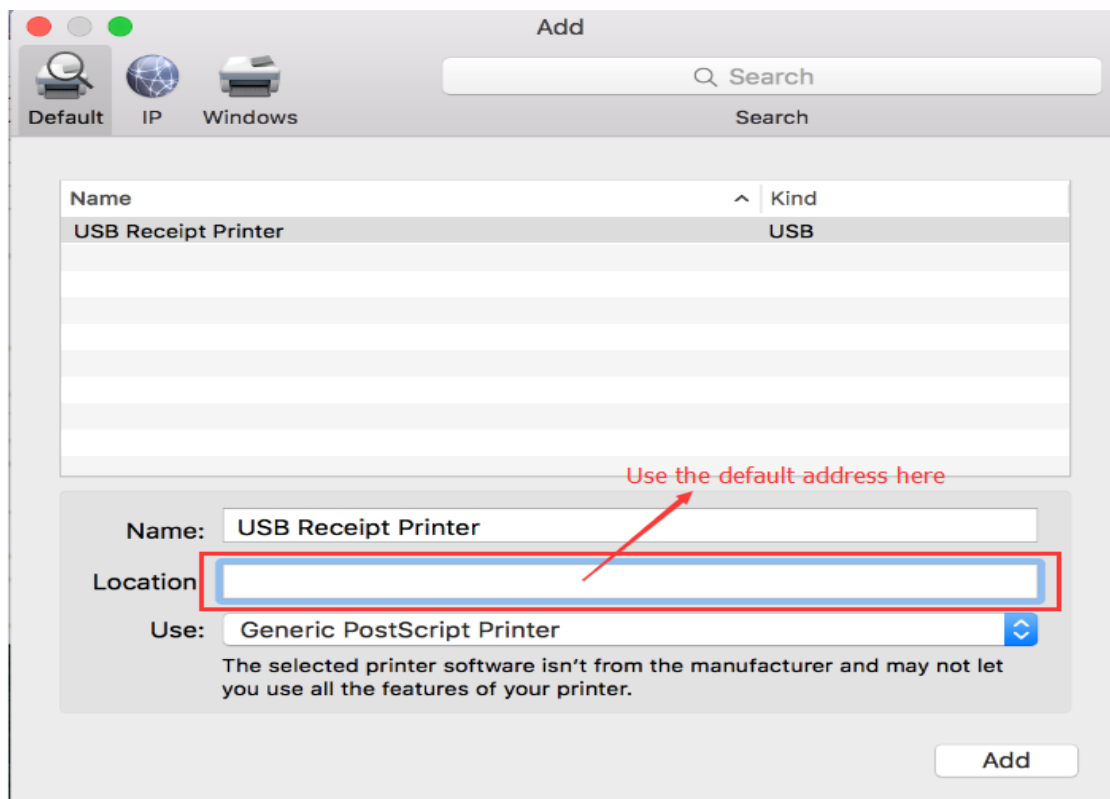

Please click “+”, it will show as below:

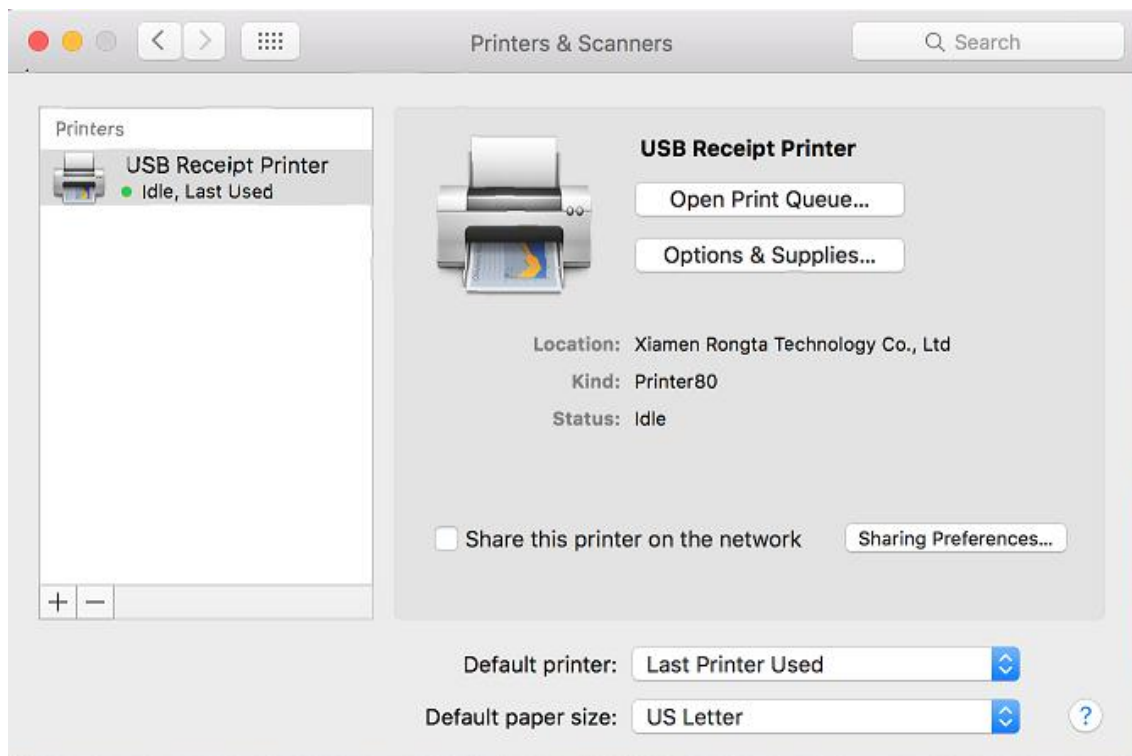

Please select “USB Receipt Printer” and you can change the name. Then please change the “Use” to select “Select Software...” and open it.

Please select “Printer80” and click “OK”. It will change as below:

Click “Add”, and the USB Printer will be added.

## 2.2 Add the Ethernet Printer

Firstly, select “System Preferences” and open it.

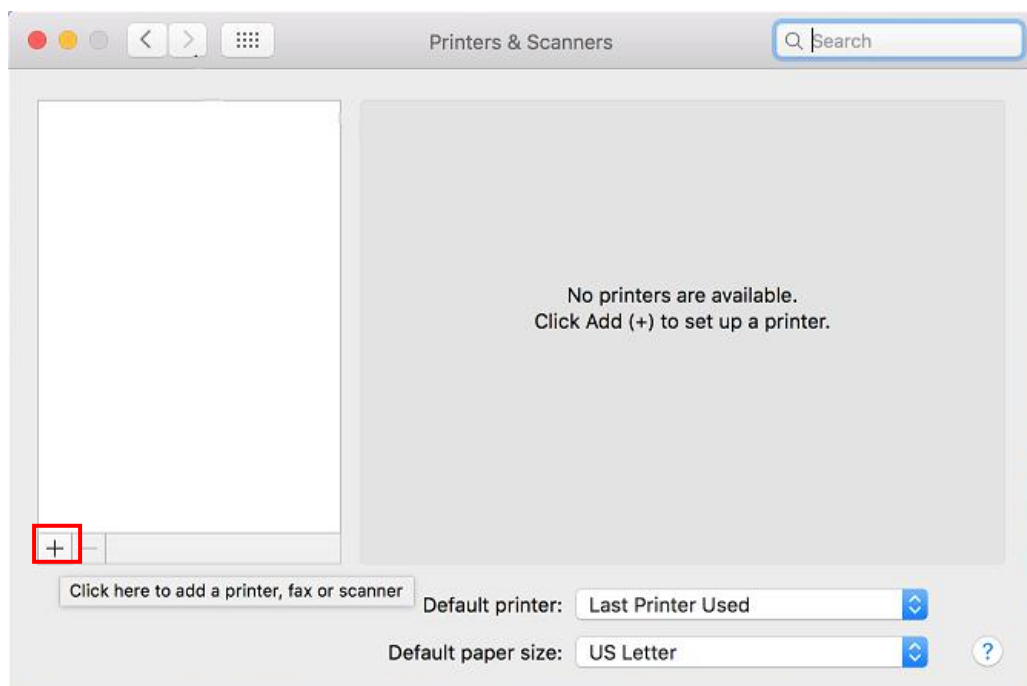

It will show as below:

Please select “Printers & Scanners” and open it.

Then, it will show as below:

---

Please click “+”, it will show as below:

The screenshot shows a window titled "Add" with a search bar and three tabs: "Default", "IP", and "Windows". The "IP" tab is selected and highlighted with a red box. Below the tabs is a table with two columns: "Name" and "Kind". The table contains one row with the text "USB Receipt Printer" under "Name" and "USB" under "Kind". Below the table is a form with three input fields: "Name:", "Location:", and "Use:". The "Use:" field has a dropdown arrow. At the bottom right is an "Add" button.

| Name                | Kind |
|---------------------|------|
| USB Receipt Printer | USB  |
|                     |      |
|                     |      |
|                     |      |
|                     |      |
|                     |      |
|                     |      |
|                     |      |

Name:

Location:

Use:

Add
